Whilst still leading the way, the page has gained 133 new page 'likes' in the last 12 weeks and currently has 1,642 followers, which is 223% more than the next most popular Community Committee page.

There are two things to note:

- 'reach' is the number of people the post was delivered to
- 'engagement' is number of reactions, comments or shares

Engagement is a better marker for seeing if people are interested in the posts because they need to interact with it. Eg a post might reach 1,000 people but if they all scroll past and don't read it, the engagement is 0.

Press Release

**Date: 12th December 2016**  
**Councillor Peter Gruen (Cross Gates & Whinmoor)**

**Statement on Marks and Spencer in Cross Gates**

Please find below a quote from Councillor Peter Gruen (Labour, Cross Gates and Whinmoor) following the announcement from Marks & Spencer that the store in Cross Gates will be relocating, with a new store opening at Thorpe Park.

**Councillor Peter Gruen (Cross Gates & Whinmoor) said:**

"I welcome the investment announced today in the growth and creation of jobs at Thorpe Park. It is never good news to hear that a retailer is moving away from a local town centre, but I welcome the fact that the staff at M&S in Cross Gates will be transferring to the new store at Thorpe Park, and that additional jobs will be created.

"I look forward to further reassurance from Marks & Spencer on what support they will offering to their employees, especially those that live locally and do not have access to private transport. I would also welcome information on how any new stores will be marketed and hope that there will be a commitment to work with us to secure employment for local people. We also want to ensure that the owner of the existing M&S site finds a good long term use for the property. I will be ensuring we do everything we can to promote such a commitment and convenient location for a great business to step in to ensure the site is put to productive use.

"Cross Gates has some really great shops and local traders. I am committed to working with them to improve and promote Cross Gates as a retail destination. In the run up to Christmas I hope local people will take the time to see what the local businesses have to offer in Cross Gates."

#### Legal & General Capital

Legal & General Capital (LGC) was founded in 2013 to help actively invest L&G Group's balance sheet, improving its shareholders' quality earnings by increasing the business' exposure to strategically important direct investments. To date L&G Group has invested over £5.5bn in direct investments. LGC's four major strategic sectors comprise of UK housing, UK infrastructure, Alternative Finance and Clean Energy. All of these asset classes require long term capital and have reduced bank support. They also reflect our aim to invest into socially and economically useful assets, offering our own operating network of strategic partnerships, in each sector we partner with market leaders to ensure we have access to the most comprehensive market intelligence and deal sets. As part of this, LGC is working closely with L&G to bring a combined knowledge of investing on behalf of UK insurance companies and recognition of long term sectors and opportunities that make sense for the long term capital available, together with a track record of performance in creating effective real estate fund opportunities.
