

Hannah Roden
Data and Innovation Officer
Leeds City Council

What is a Smart City?

A process whereby information and connected technology are utilised to deliver efficiencies, improve resilience and enhance citizens' quality of life.

Smart City Foundations

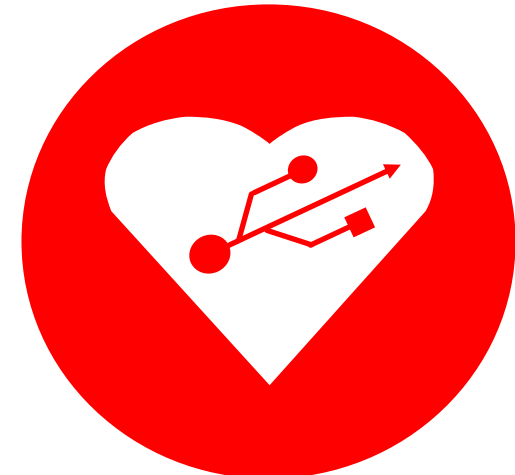

**Super-fast
connectivity**

**Improving digital
skills for all**

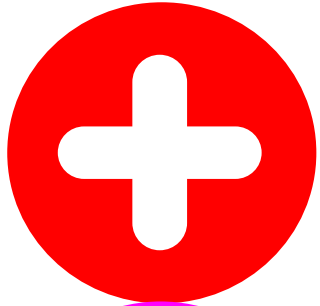

**Open data and
data analytics**

**Innovation and
tech for good**

Leeds's BIG 3 priorities

Health

Housing

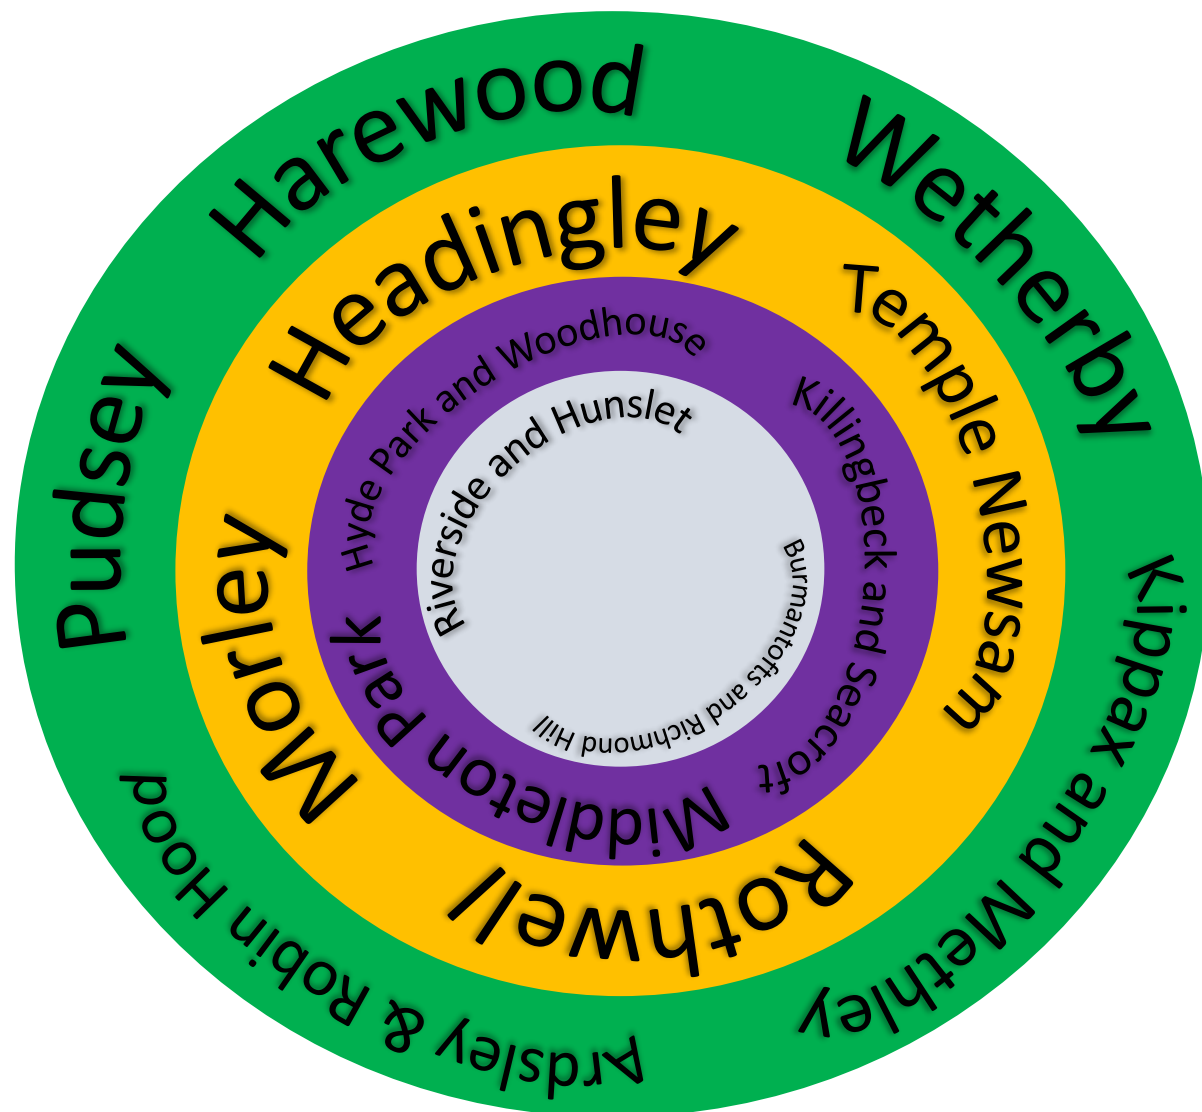

Transport

Working together

**Innovation
Tech for good
Collaboration!**

Leeds is diverse!

Rural

Suburban

Outer city

Inner city

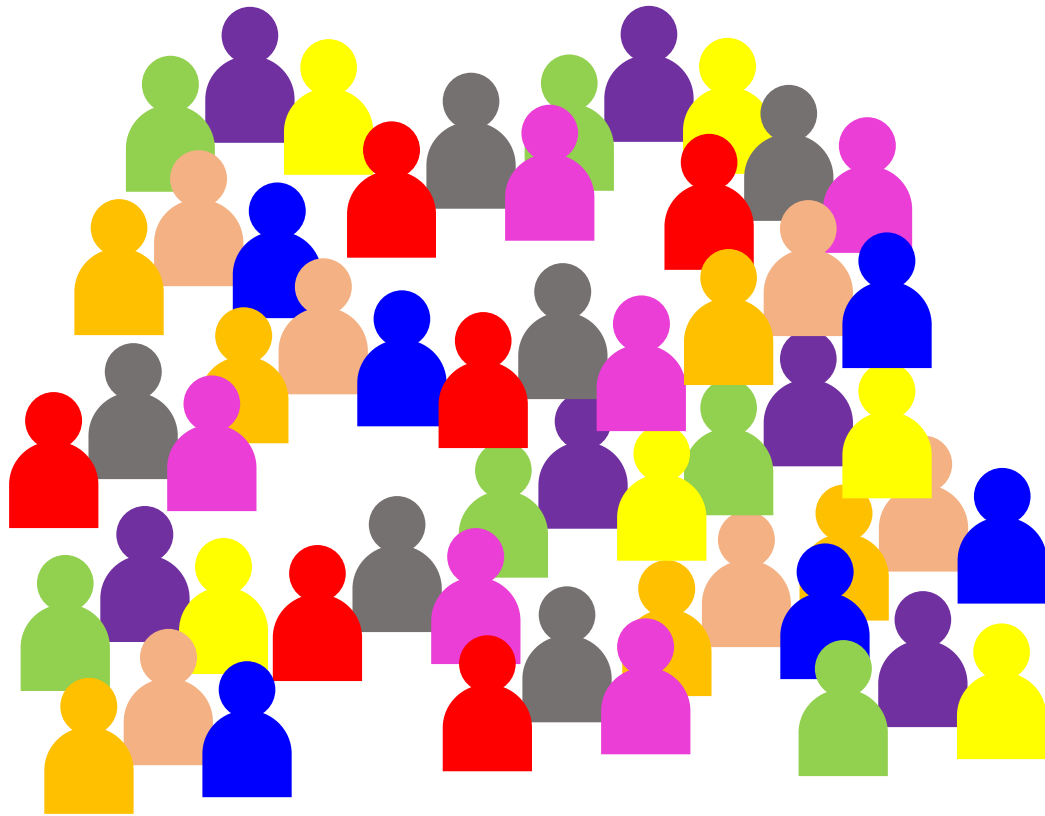

Everyone Makes Innovation Policy
