Community Committee nominations to Housing Advisory Panels (HAP)

Purpose of report - To seek Ward Councillor nominations from the Outer East Community Committee to the Outer South East Housing Advisory Panel (HAP)

Main issues - There are 11 HAPs across the city, in geographical alignment with Community Committee's, with the exception of the East Inner Community Committee – which is split into two HAPs due to the large number of Council homes.

Ward Members play an important role in helping the HAPs undertake their role and helping tackle shared local priorities

Recommendations - Community Committees in their June 2019 round of nominations are therefore requested to:

Nominate up to 1 Ward Member per Ward within the HAP area (with the exception of Outer East which has 1 Ward, where 2 nominations from the same Ward are welcomed).
