

Project Name	Planters at Pudsey market
Amount applied for	£1786.58
Lead Organisation	Leeds Kirkgate Market
Ward/Neighbourhood	Pudsey

Community Plan Objective	Best City for Communities • Enhance the quality of our parks and public spaces.
---------------------------------	--

Project Summary
The project is to help stop members of the public illegally parking on the road in front of the market and also using it as a cut through to avoid the traffic lights at peak times in an area where the general public walk. Rather than installing bollards across the front of the market it is felt that four large planters would stop the issues, and enhance the look of the area around the market. The planters would be kept full during the year by Pudsey in bloom.

When will the project run?
August 2019 and stay in situ permanently.

How many people can attend?
This is a project to enhance the look of the area rather than something which people can attend.

Targets for the project and how success will be measured
Feedback will be gathered from Market traders and local Councillors as to how impactful the planters have been in stopping traffic using the market site as a cut through and preventing illegal parking.

How the project will be promoted and/or participation encouraged
Finished improvements can be shared on the markets social media sites.

Exit strategy/How the project will continue after the funding
The planters will remain in situ and Councillors have agreed with Pudsey in bloom to keep them filled on an annual basis.

Other organisations involved

Pudsey in Bloom

Financial Information

Revenue funding requested £1786.58

Total cost of project £1786.58

Match funding/Other funding sources

Available Funds in Group Bank Account

Funding received since 2010
