

City Plans Panel 7th January 2021

Chair's Script

Clerk - Good afternoon everyone, this is John Grieve in Governance Services. The meeting will begin in approximately one minute, if you have not done so already, could I remind you to activate your camera but to also mute your microphone.

Clerk – Chair I believe all expected Members and Officers are present, are you ready to begin?

Clerk - Please switch on the webcast

(5 second Pause)

Chair – Good afternoon everyone and welcome to this remote meeting of the City Plans Panel. My name is Councillor Jim McKenna and I will be chairing today's meeting.

Chair – City Plans Panels deals with applications from the city centre as well as the largest and most significant applications the Council receive.

The aim of the Panel is to hear all the relevant information from applicants, members of public and council officers to help Members of the Panel make their decision.

I would like to start the meeting today by confirming that this meeting of the City Plans Panel meets the requirements of the Council's constitution even though Members of the Panel are in remote attendance.

While items today will be fully discussed as is usual, remote attendance requires a few slight changes as to how I will manage the debate.

Therefore

- Can all attendees mute their microphone unless I invite them to speak – this will avoid disruption from background noise;
- Can all participants please keep their cameras on during the meeting.
- All participants will be invited to introduce themselves at the start of the public session to make it clear to public observers who will be involved in proceedings.

I ask for your assistance and patience while I go through this process.

Chair – In order to avoid any disruption to the meeting, should I lose internet connectivity, I propose we appoint a Vice Chair who could step in during my absence.

I move Councillor Caroline Gruen and invite another Member to second that motion.
(seconded)

I'll take a vote by assuming your silence as approval – (5 second wait) – any
objectors / abstention (5 second pause)

Chair - Could I now invite Members and officers to introduce themselves and mute
your microphone once you've introduced yourself? I'll start with
